Dear Sir,

## Donation Acknowledgment

Thank you very much for your recent generous goodwill gesture to our Hospital. We are overjoyed by your dedication towards helping us to treat and save the innocent lives and really wanted to extend our warmest appreciation. Without our donors and supporters the COVID ward at Base Hospital Mahiyanganaya would not be able to serve our patients and our community effectively. You made our work meaningful and positive.

As you know, our recent fundraiser is working to buy medical equipment and your kind donation of **Four HDU beds, ECG Machine and Plus Oxynter** has helped us to reduce the mortality rate of COVID infected patients significantly. You have truly made a difference in the infrastructure of our COVID ward.

Once again we are grateful to receive your donation. Thank you.

Yours sincerely,

Dr. A. M. S. Bandara  
Medical Superintendent  
Base Hospital Mahiyanganaya
